

IMPACT EDUCATION

Proven successful, innovative, and easy to use products.

Cultivate Engagement

Transform your teaching space and improve learning for K-12 and higher education.

Close the Distance

Use videoconferencing software or two-way whiteboard to create a positive environment for distance learning. Join a class, invite outside participation from any location with ease.

Expand Impact

Prepare students for life after academia by using industry standard tools in the classroom.

LET'S WORK TOGETHER

Built for the digital age, ViewTech solutions enable active student involvement. Broadcast content to interactive whiteboards and other devices to collaborate in real-time.

Send mass notifications, and centrally manage all displays on your network.

Enjoy an active-learning experience. Teachers and students can use innovative products for a rewarding educational experience!

With ViewTech solutions at the heart of every classroom, auditorium or lab, educators can enhance lessons, streamline communication and promote engage-
